<https://github.com/yusasive>

Experienced Frontend Engineer with a strong track record in JavaScript, Typescript, React, React-Native, Redux, Jest, Next, and Node. I have excelled in improving customer retention, enhancing web application performance, and participating in code reviews. Passionate about taking on challenging projects and collaborating with innovative teams to drive forward-thinking ideas. Eager to contribute to a dynamic organization aligned with my career goals. Alongside a strong foundation in software engineering, Looking forward to leveraging my skills to propel impactful FullStack development initiatives and achieve new milestones.

AREA OF EXPERTISE

JavaScript	React Js	HTML & CSS	React-Native	Jest	Django
Typescript	Next Js	TailWind CSS	Flutter	Git (Version Control)	Node Js

PROFESSIONAL EXPERIENCE

Frontend Developer and Instructor, TSI

July 2022 - Oct 2023

- Designed and taught comprehensive web development courses, covering topics from basic HTML and CSS to advanced JavaScript, helping over 45 students successfully transition into professional roles.
- Utilized HTML, CSS, and JavaScript frameworks like React to create user-friendly interfaces, ensuring cross-browser compatibility and mobile responsiveness, which resulted in a 20% increase in user engagement

Frontend Developer, Rumoney

Nov 2022 - Nov 2023

- Utilized modern frontend technologies such as React.js and NextJS to develop dynamic and scalable UI components.
- Collaborated with cross-functional teams to design and implement responsive web applications, ensuring seamless user experiences.
- Optimized website performance through efficient code implementation and integration of performance monitoring tools.

Frontend Engineer, Zenoxis

March 2023 - April 2023

- Implemented accessibility best practices to ensure compliance with WCAG standards and enhance user inclusivity.
- Collaborated with UX/UI designers to implement design mockups and prototypes, ensuring seamless user experiences
- Collaborated with designers and backend developers to implement UI/UX designs and integrate with backend APIs.

Frontend Engineer, Blockchain Unilorin

Oct 2022 - July 2024

- Implemented responsive web designs to ensure seamless user experiences across devices. Utilized modern frontend frameworks such as React.js to create interactive and dynamic user interfaces.
- Integrated third-party APIs to enhance platform functionality and user engagement. Conducted code reviews and implemented best practices to maintain code quality and scalability
- Optimized website performance through efficient code implementation and integration of performance monitoring tools.

Frontend Engineer, Uptick Talent

Sept 2023 - Dec 2023

- Collaborated with UX/UI designers to implement design mockups and prototypes, ensuring seamless user experiences.
- Integrated third-party APIs to enhance platform functionality and user engagement. Conducted code reviews and implemented best practices to maintain code quality and scalability
- Conducted code reviews and performed debugging and optimization to improve performance and maintainability
- Worked closely with designers, back-end developers, and product managers to deliver seamless user experiences, integrating feedback and iterating on designs to improve UI/UX.

Frontend Engineer, PushEat

Jan 2024 - Aug 2024

- Utilized modern frontend technologies such as React.js and NextJS to develop dynamic and scalable UI components.
- Optimized website performance through efficient code implementation and integration of performance monitoring tools.
- Integrated third-party APIs to enhance functionality and streamline processes, including social media platforms and CMS.
- Worked closely with designers, back-end developers, and product managers to deliver seamless user experiences, integrating feedback and iterating on designs to improve UI/UX.

Frontend Engineer Instructor, CypherDevs

Aug 2024 - Present

- Frontend Engineer Instructor at Cypherdevs! in collaboration with the Federal Ministry of Education and The World Bank to train 1,000 youths in Kwara State in digital skills, boosting employability and competitiveness.
- Responsible for designing and delivering engaging training sessions, utilizing my industry expertise to empower the next generation of technologists.
